*“I’m the Evidence
for how belief inspires
how hope transforms and
how giving heals the soul.”*

*“I’m **the** Evidence
for what can be achieved
how feeling connected can ground
and how there is an invaluable worth
in an act of faith.”*

*“I’m the **Evidence**
for how an example can lead
how far encouragement can take you
and how one step begins
a journey towards endless possibilities.”*
